11

"This is our 'Sputnik Moment' to mobilize America's innovation and ingenuity to advance clean energy and national security solutions."

Steven Chu
Secretary of Energy

STRATEGIC PLAN

MISSION

To ensure America's security and prosperity by addressing its energy, environmental, and nuclear challenges through transformative science and technology solutions.

GOAL 1: Transform our Energy Systems.

GOAL 2: The Science and Engineering Enterprise.

GOAL 3: Secure our Nation.

GOAL 4: Management and Operational Excellence.
